What is this product?

Type

This product is an investment fund.

Term

The Fund is established for an unlimited duration, with the possibility for the Board of Directors to decide the termination of the Fund at its sole discretion.

Objectives

Global Balanced belongs to the category of Profile Funds.

The Fund seeks to increase the value of its assets over the long term by implementing a high risk allocation strategy on various asset classes, either directly or indirectly (in derivatives on this type of asset and through Funds).

The Fund will implement following restrictions:

- Minimum of debt instruments (bonds and money market instruments): 25%
- Maximum of debt instruments (bonds and money market instruments): 80%
- Minimum of Equities: 20%
- Maximum of Equities: 75%
- Maximum exposure to High Yield and Emerging Market Debt: 20%

The sub-fund may not invest in defaulted assets but may invest in distressed assets up to 10% of the sub-fund's net assets.

Sustainable Investment Policy The sub-fund promotes environmental and social characteristics and qualifies as an investment product in accordance with article 8(1) of Regulation (EU) 2019/2088 on sustainability related disclosures in the financial services sector as set out in Book I.

In that respect, the eligible universe is determined by criteria such as but not limited to exclusion filters, as set out in Book I. The extra-financial analysis covered at least 70% of the portfolio.

The sub-fund will only invest in external funds that are Art.8 or Art.9 under SFDR or hold an European sustainability label. External funds may deviate from the Sustainability Investment Policy of the

Management Company applying to direct investments.

The derivative instruments are not covered by the ESG analysis.

Relation to the Reference Portfolio This Fund is actively managed and is compared to the 55% * (50% MSCI Europe TR Net+ 40% MSCI World ex Europe TR Net + 10% MSCI EM TR Net) + 25% Bloomberg Barclays Euro Aggregate TR Index 1-10 Year + 5% Bloomberg Barclays Global High Yield Corporate EUR Hedged + 2,5% JP Morgan EMBI Global Diversified Composite EUR Hedged + 2,5% JP Morgan CEMBI Broad Diversified Composite EUR Hedged + 10% Euribor 1 month Capitalized for performance and risk level indicator purposes. However, the reference to this Reference Portfolio does not constitute any objective or limitation in the management and composition of the portfolio and the Fund does not restrain its universe to the Reference Portfolio's components. The Reference Portfolio does not evaluate or include its constituents on the basis of environmental and/or social characteristics and is therefore not aligned with the ESG characteristics promoted by the sub-fund.

Therefore, returns may deviate materially from the performance of the Reference Portfolio.

The base currency of the Fund is EUR.

Income is systematically reinvested.

Investors are able to redeem on a daily basis (on Luxembourg bank business days).

What are the risks and what could I get in return?

Risks

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

Unfavourable: this type of scenario occurred for an investment between December 2021 and October 2023.

Moderate: this type of scenario occurred for an investment between March 2017 and March 2022.

Favourable: this type of scenario occurred for an investment between October 2016 and October 2021.

What happens if ABN AMRO Funds Global Balanced is unable to pay out?

If we are not able to pay you out what we owe you, you are not covered by any national compensation scheme. To protect you, the assets are held with a separate company, a depositary. Should we default, the depositary would liquidate the investments and distribute the proceeds to the investors. In the worst case, however, you could lose your entire investment.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- in the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario,
- 10,000 EUR is invested.

| Example Investment 10,000 EUR | if you exit after 1 year | if you exit after 5 years (recommended holding period) |
|-------------------------------|--------------------------|---|
| Total Costs | 748 EUR | 1,339 EUR |
| Annual cost impact* | 7.5% | 2.9% each year |

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 6.6% before costs and 3.7% after costs.

Composition of costs

| One-off costs upon entry or exit | | Annual cost impact if you exit after 1 year |
|--|--|---|
| Entry costs | 5.00% of the amount you pay in when entering this investment. | Up to 500 EUR |
| Exit costs | 1.00% of your investment before it is paid out to you. | 100 EUR |
| Ongoing costs taken each year | | Annual cost impact if you exit after 1 year |
| Management fees and other administrative or operating costs | 1.41% of the value of your investment per year. This is an estimate based on actual costs over the last year. | 141 EUR |
| Transaction costs | 0.07% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell. | 7 EUR |
| Incidental costs taken under specific conditions | | Annual cost impact if you exit after 1 year |
| Performance fees | There is no performance fee for this product. | 0 EUR |

How long should I hold it and can I take money out early?
